UP STREET ROUTINE

There was a short meeting of the city council Thursday night for the purpose of passing some street bond ordinances and a few other matters of routine. The street improvement work is being closed up rapidly. The bonds have been turned over to the city treasurer and there are a few more to be sold.

The council directed that in the ed-up! Quit blowing and strutfling! A dose of "Pape's Cold
Compound" taken every two
hours until three does are taken
usually breaks up any cold. The very first dose opens clag-ged nostrils and the air passages en. Official notice is to be given of the head; stops hose running; relieves the headache, dulings, will be rigidly enforced. The bills were allowed before adjournment.

(By Associated Press) Lexington, Ky., Jan. 24—Division of the state into seven districts and appointment of chairmen of the various districts, was announced at the University of Kentucky Saturday by officials of the Interscholastic Debating League. The league is being organized by of the university among the accedited high schools of the

The districts are to be known as The Central Kentucky district, Northen Kentucky district, Lou-isville district, Henderson-Ow-ensbor district, Paducalı, district. ensbor district, l'aducali, district. Eastern Kentucky district and the Southeastern Kentucky district.

The chairmen of committees, who, with the exception of two districts, will name the other two members, as follows:

Central Kentucky district, Chas. H. Skinner, principal Senior High School, Lexington, Northern Ken \$2 tucky district, P. H. Flamlett. principal of Dayton High School. Dayton: Louisville district, Il. II. Pritchett, director of debate in Louisville High School; Henderon-Owensboro district, Mark Godman, principal Henderson \$2 High School; Paducah district, O. J. Jones, principal of Paducah High School.

Full committees were named in the Eastern and Southeastern & Kentucky districts. In the Eastern district O. E. Edwards, Ashland. High School, was named chairman with James F. Record, Pikeville College, Pikeville, Ky., and S. H. McChire, principal Morgan 2 County High School, West Liberty, as members. A. H. Molm principal of the Sue Bennett Memorial School, London, Ky. was named chairman of South eastern Kentucky district, with 1. A. Hazlett, principal of Highland Institution, Breathitt county, Ky., and H. L. Weir, of the Berea Normal School, a members.

Among the larger schools which have accepted membership in the Leagne, Prot. Patrick announced, are Senior High School, Lexington: Winchester High School Louisville Male High School Dayton High School; Cynthiana High School; Dry Rridge High School: Williamstown High School; Corinth High School Henderson High School: Madisonville High School; Campbell County High School; Morgan County High School; Sue Bennett for state auditor in the interest of in the eastern part of the city, had her home in Florida, having been callemorial School; Highland Insti- party harmony, now is going strongly his left foot amputated at a local hos- ed here by the death of her sister, tution at Guerrant and the George | for appointment to succeed Elwood pital as a result of an injury in a Mrs. Hockaday Dunn. town High Schools, as well as a number of smaller institutions.

The executive committee which is organizing the league, consists of Prof. Patrick, Prof. W. H. Mikesell, professor of Public Speaking at the University, and Prof. S. A. Boles, head of the department of Physical Education. The league was organized as an extension feature of the university for the purpose of fostering debate and track work in athletics, as well as other miscellaneous activities, among which will be an essay writing contest the details of which Prof. Patrick said will soon be announced.

The question chosen for debate this year is "Resolved, that the United States Government should have a commission with power of Compulsory Arbitration of Labor Disputes between Employers and Employes of Public Utilities."

The district debates will be held during March and April. The finals will be held at the University of Kentucky on May 6 and 7, at which time the track tournament of the Interscholastic League will be held. The Interscholastic League as being organized in Kentucky is not a new thing in the United States. The universities of North Carolina, Texas, Missouri, Indiana and others have organized successful leagues, that of Texas having 3,000 members.

MADISON HIGH BOYS

TO PLAY ALUMNI BOYS Tuesday night at 7:30 in the Madison gymnasium will be staged a very interesting contest between the Madison high boys and a team composed of alumni of the school. Several of the players on the alumni team are playing on the 'varsity team at the Normal school. It bids to be a very interesting contest, as it is virtually last year's team against the present high school team:

"A NATION SAVED BY AMERICA," SAYS CLEVELAND H. DODGE

New York Business Man Describes Vast Armenian Work of Near East Relief.

Cleveland H. Dodge, New York banker and business man, director of the National City Bank, and treasurer of The Russell Sage Foundation and of the Near East Relief, declares that "a nation has been saved by American philanthropy, and the generosity of the American people through the Near East Relief, in its work for the Ar-

"The · lowest official estimate indicates that one million persons are living today who would not be alive had it not been for this relief." Mr. Dodge continued, "I have an antograph letter from Dr. H. Ohandjanlan, president of the Armenian Republic, in which he writes: 'America literally saved us from starvation.'

"Wholly aside from adults who have

have in orphanages and elsewhere un der our care 110,000 homeless, fatherless or motherless children who are absolutely dependent upon us. This is exclusive of 63 hospitals with 6,552 beds, 128 clinics, rescue homes for girls and unnumbered thousands of refugees who are being helped through

our industrial relief and in other ways. "The Near East Relief has during ed and sent to the Near East more whom 500 are still in the field, all of them working at great financial sacrifice—the standard of salary being \$50 per month and maintenance-and many of them facing great personal danger and hardship in the performance of their life-saving service. A score of them have died from typhus or other diseases more or less related to their faithfulness in the performance of rellef service.

"Nor is that all. We have raised and disbursed during war times and in a war-torn area, in large measure under enemy control, more than \$41,-000,000 in cash, and, including flour, Red Cross and other supplies administered by our agents, a total of cash and supplies in excess of \$50,000,000. The official reports show that on June 30, 1920, we had in orphanages 54,000 children, and that we are partially supporting outside of the orphanages 56,039 children, making a total of 110,-000 boys and girls now under the care

of the Near East Rellef." Mr. Dodge considers the work of the Near East Relief one of the most stupendous undertakings of disinterested philanthropy the world has ever

"In countries whose population totals more than 30,000.000 souls, American idealism exemplified by the work of the Near East Relief constitutes today a torch of enlightenment and an influence for peace throughout the whele Near East," he maintains, "Our American ideal of liberty, industry and helpfulness has brought us as a people happiness, prosperity and fulfillment. Out of the fullness of this heritage we are furnishing a faithful and undaunted Christian people the brotherly aid which will enable them to reach the same fulfillment that God has

"It is an achievement of which every American may well be proud."

FRANKLIN SALES

Past Month Sets New High Mark for December Business

More Franklin Cars were sold during the last month of 1920 than in any previous December in Franklin history--1041 in all.

To set a new high mark for sales at this particular time is undeniable evidence of where the Franklin stands in motorists' opinion.

People are buying Franklins today because they want what the Franklin has always stood for—the motoring advantages which light weight, flexibility and direct air cooling deliver:

Comfort that makes possible a steady, rapid pace. Ease of handling that prevents fatigue and strain. Reliability that wards off delay and annoyance. Tire life that saves time, trouble and expense. Complete freedom from all cooling vexations—and—

> 20 miles to the gallon of gasoline; 12,500 miles to the set of tires; 50 per cent slower yearly depreciation (National Averages)
